Protect your PC Get Microsoft Security Essentials for the low, low price of free.. While I carry a lot more than these five things, if I had to only carry my laptop, the power cord, and five things, these are the things I'd pick.. This convenience wouldn't be possible without the programs listed below, which I've found essential for life on the road.. It's not very nice, is it? Essential software for your laptop I rarely travel without my 13" MacBook.. Your laptop has a pointing device and a keyboard built in, yes, we know Use it for a few hours, get used to using that track pad.. Everyday Laptops Essential functionality, plus some extras, to fit your family's needs & budget.. There is a ton of stuff you can throw into your laptop bag (besides the laptop and the power cord), but what are the things that are really useful that you can put in there? I'm thinking about things that don't add a lot of weight, but give you a big bang for your buck..
